

WOMAN IS BEATEN TO DEATH

JAPANESE AGAIN BOMBARD PORT ARTHUR

BEATS A WOMAN TO DEATH

Son Tries to Break Up Alliance and Commits Murder.

PEORIA, Ill., October 21.—Mrs. Nellie Thompson, wife of a former prominent real estate dealer in this city, is dead as the result of injuries received in a sensational encounter with Richard H. and Jennie Higgins, children of John H. Higgins, a member of the Board of Supervisors of Peoria county and prominent in Republican politics.

INTERCEPTED LETTER.

The Higgins children intercepted a letter written to Higgins senior, by Mrs. Thompson, in which she asked him to meet her at the depot in this city. Higgins was at St. Louis and his son opened the letter. When Mrs. Thompson arrived she was confronted by young Higgins and his sister. What took place is a mystery, as only the three and an uncle of Higgins were present. Some time later the woman asked the ticket agent to assist her to the train. Later it was discovered that the floor of the waiting room was covered with blood. The woman died several hours later after suffering great agony.

Mrs. Thompson's body presented a horrible appearance. Her lips were severed, both eyes blackened, one shoulder dislocated, and her back was covered with bruises. The intestines and internal membranes were evidently ruptured.

WEEPS IN PRISON.

Higgins wept when placed in jail on a charge of murder.

"We had been trying for years to break up the relations between my father and this woman," he said. "When we got that letter my sister and I went down there to see if we could not make some arrangements with her. We met her in the waiting room. I went up to her. She said: 'Oh, it's you, is it?' and drew out her hatpin. I then pushed her sharply against the side of the face and knocked her over a chair. My sister then pulled me away and told me that I would be arrested. That's all there was to it."

His sister corroborated the above statement.

Miss Jennie Higgins made the following statement:

"I had nothing to do with the affair whatever, only as a witness. I saw Mrs. Thompson attack my brother with a hatpin, and then he struck her several times."

Young Higgins is 26 years old and his sister is twenty-seven.

WERE KILLED BY THE GREEKS

SALONICA, European Turkey, October 21.—Twenty Bulgarians were killed by Greeks near Florina, October 19. A band of sixty Bulgarians approached thirty Greeks who were posted on a hill, supposing them to be friends. The Greeks fired point blank at them. Forty of the Bulgarians escaped.

CANNON BRINGS GOOD NEWS.

SPEAKER CANNON.

Speaker Says Republicans Will Carry West Virginia and Illinois.

WASHINGTON, October 21.—Speaker Cannon called at the White House to-day and gave the President nothing but good news of his observations of the political situation in the States through which he has been campaigning.

The Speaker expects to speak in Baltimore to-night.

He reached the White House as the cabinet members were assembling for their semi-weekly meeting.

The President, the Speaker and the cabinet officers had an animated talk on politics before the cabinet formally began business.

Speaker Cannon gave the President and his advisers assurance that West Virginia, in which he has just made a thorough campaign, surely would cast its electoral vote for the Republican

National ticket. As he left the White House, Speaker Cannon chatted freely with his newspaper friends.

"Are you going to get back to Illinois during the campaign?" inquired a reporter.

"You know Carter Harrison says Illinois is a doubtful State."

"Yes," responded the Speaker, "Carter Harrison is a powerful knowing man, but I reckon we will worry through with the normal Republican plurality. But I am going home to vote, you know."

"How about West Virginia?"

"Oh, West Virginia will be Republican by a big plurality," the Speaker replied, "and we'll have a solid Republican delegation in the House from that State too."

BRITAIN REFUSES GERMANY.

Denies Kaiser Permission to Land Troops at Walfish Bay.

BERLIN, October 21.—The government has asked Great Britain to permit Germany to use Walfish bay for the landing of troops and supplies essential in the war against the natives of German Southwest Africa. The British Government has refused positively

to grant the request.

Walfish bay is the only good harbor for a thousand miles along the coast. It lies in the portion of the shore held by Great Britain near Swakopmund, the port of entry to German Southwest Africa. Swakopmund has always been a difficult harbor to enter and is especially so this year as the Swakop river has discharged immense quantities of sand into the shallows. The far-reaching shoals and heavy surf delay vessels for weeks in the discharge of their cargoes.

It recently took a German ship three weeks to land three companies of troops with their horses, guns and supplies. The men were landed without difficulty. It was the lighterage of the animals and freight that caused the delay.

Great Britain's refusal to allow troops to land in Walfish bay, will, it is asserted, interfere seriously with Germany's military plans in Southwest Africa.

Cable dispatches nearly every day bring news of some small German reverse in Southwest Africa. News was telegraphed last night that the German station at Nomsas had been captured by the Hottentots. Veterinary Surgeon Oskar Albrecht and a planter named Hermann were among the killed.

PARKER TALKS OF REFORM

Democratic Candidate Does Not Like Republican Progress.

ESOPUS, October 21.—The New Jersey delegation was presented to Judge Parker by Representative Allen Benny of Bayonne, who made a short address. Judge Parker said:

"The expenditures of the government, says the administration, have been managed in a spirit of economy as far removed from waste as from niggardiness. That expenditures have been free from niggardiness cannot, I think, be successfully denied, hence it should be and is frankly admitted."

TAKES ISSUE.

"With the claim that the expenditures have been managed in a spirit of economy we must take issue. The facts presented in support of the charge of extravagance have not been answered."

"We asserted that only seven years ago and under a Democratic President, the total expense of this government were less than three hundred and sixty-six million dollars and we charged that in the last fiscal year the expenditures were over five hundred and eighty million dollars. Those figures have not been denied and they cannot be. Deducting from the latter amount the sum paid by this government for the Panama canal and the Panama canal rights, we still have five hundred and thirty-two millions of dollars. After making that deduction we find that it cost about one hundred and sixty millions of dollars more to run the government last year than

RUSSIAN LOSS IS HEAVY.

"There is No End Visible of the Ghastly Slaughter."

BERLIN, October 21.—Colonel Giescke, war correspondent of the Tagessblatt, telegraphed to his paper today from Mukden as follows:

"Have been unable to telegraph for two days owing to the absence of the censor on the 19th and 20th. Both armies are much fatigued. They occupy positions in close contact. Only an occasional shot breaks the stillness. A general Russian attack appeared to have been planned for the night of October 20, but a freshet in the Shakhe river prevented it. The roads and fields are drying slowly. It rained again the night of the 20th."

"The Russian losses were frightful. Single regiments have lost as many as 800 men. The Moscow regiment of which Emperor William is honorar colonel, had twenty officers and 300 men killed. The killing is accordingly grave. No end is visible of the ghastly slaughter."

BOTH ARMIES ARE STILL RESTING.

VICEROY OF MANCHURIA.

The most interesting figure of the moment in the East is either Russian or Japanese, but a Chinaman, the Chung Choong, or Chinese Viceroy of Manchuria. To afford him a spectacle, to impress him with the might and potency of civilized arms, General Kuropatkin halted his troops at Mukden. To earn his approbation and the approval of Peking, the Japanese pushed on their advance north of their natural frontier at Liaoyang. In the hands of this man, the Viceroy of Manchuria, the Tartar General of Mukden, the Keeper of the Imperial Tombs, the Guardian of the Sacred Palace, lies the key of the political situation in Manchuria. Fifteen million Chinese wait the indication of his pleasure. The safety of the long lines of Japanese communications from Dalny to Liaoyang, from the Yalu to the Taisa-lo, and of the longer lines of Russian communications from Mukden to Manchuria, lies at his disposition.

Fierce Bombardment Opens on Port Arthur and Buildings Are Damaged.

ST. PETERSBURG, October 21, 1:42 p. m.—The two armies face each other across the Shakhe river but operations continue at a standstill. The heavy fog which hung over the plain was burned up by the sun yesterday afternoon and there was some desultory artillery firing from some of the Russian batteries, but nothing important.

One of the Associated Press correspondents says the Japanese did not reply, indicating a possible shortage of ammunition or a desire to conceal the location of their guns.

LIST OF LOSSES.

The War Office has no fresh news this morning except a list of losses to General Ekik's Seventy-first division of the Fifth Siberian corps, and General Morozoff's First division of Lieutenant General Dambowsky's corps. Each lost half a dozen officers. The official lists of officers killed and wounded between October 11 and October 13, totals 172, including Major General Rabinski and seventeen field officers killed. The wounded are in the proportion of one to six. The list for the heaviest day's fighting is still unreported and doubtless will exceed the losses at Liaoyang when 500 officers were killed or wounded. The losses

among the men are not yet reported, but they are thought to approximate not much over 20,000.

AT PORT ARTHUR.

News from Port Arthur brought to Che Poo by a junk which left there October 18, says a fierce bombardment began October 16 and was still progressing without interruption. Many buildings had been damaged and ships in the harbor had also been hit by shells but the character and extent of the damages are not stated. The Japanese main forces are now posted at Ludziatung. They have placed guns of large caliber on Lunjida mountain. The Russians continue making sorties successfully and inflicting heavy losses on the besiegers, whose losses since the commencement of the siege are said to have been 50,000.

FOR THE PEACE OF THE NATIONS

President Roosevelt to Call the Powers Together.

WASHINGTON, Oct. 21.—In the course of two days the President will despatch formal invitations to the powers to name delegates to the new Peace Conference to be held at The Hague. The powers are invited to suggest date or dates for the meeting of the conference. Secretary Hay submitted a draft of the invitation to the Cabinet today.

Notice of his intention to issue this call was given by the President several weeks ago, upon the occasion of the visit to the White House of the delegates to the Inter-Parliamentary Union and the formal invitation has been in course of preparation ever since.

There was no hesitancy upon the part of the President in naming The Hague in the invitation, hence, of course, it is assumed the government of the Netherlands was first consulted.

The date of the meeting was left open, because it was said that any one of the powers has as much right to suggest a date as the United States.

Consequently there must be considerable correspondence on this subject before an agreement is reached.

It is not expected that the Conference will meet during the continuance of the present war unless this should continue indefinitely.

It cannot be learned that any consideration has as yet been given as to the personnel of the delegation, which will represent the United States at the congress.

FIERCE FOREST FIRE IN SOUTH

SAN DIEGO, October 21.—Fierce fires are sweeping the mountains and canyons in the vicinity of Escondido and are approaching the town from two sides.

Great volumes of smoke rising from the hills south of Bernardo and in the direction of Valley Center indicate a terrific conflagration and cause much apprehension.

It seems almost certain that Aliso canyon has been swept by the flames.

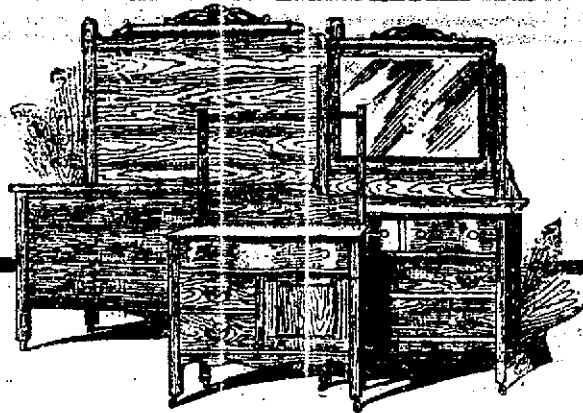

SAY THERE IS GOLD ON THE BEACH

SAN DIEGO, October 21.—Katherine Tingley and others have filed claims on the beach at Point Loma, claiming to have discovered gold and indications of oil. Beach mining will be begun in the near future.

**FRANK CULLEN
IS DEAD.**

BALL PLAYER DIES AFTER LIVING FOR WEEKS WITH BROKEN NECK.

Frank Cullen, the youth who was injured in a baseball game played at Newark about four weeks ago and who has been living all this time with his spinal cord severed at the sixth vertebra, died last night shortly after 8 o'clock at the Receiving Hospital.

His case was considered to be most remarkable. Dr. Emerson, who had attended the boy in speaking of the case, said: "That was the most remarkable case that I have ever had in my charge, and so far as I can learn was unique. The man was dead from the sixth vertebra down; that is, all but his heart and lungs were dead; his spinal cord was severed and his body was practically ossified at the time of his death. The nerves that control the diaphragm and the heart leave the spinal cord just above the sixth vertebra, and in that way he was enabled to breathe and his heart could beat, but no more. Several doctors from the University of California were called in and all said that they had never in their experience witnessed such a case."

**DR. SWEENEY RETURNS
FROM TOUR OF WORLD**

Rev. Dr. George W. Sweeney and wife returned yesterday from a tour of the world. They were gone over a year and while away visited the Hawaiian Islands, Japan, China, Malayan Islands, Ceylon, completing the tour of the Far East in Egypt. Dr. Sweeney spent a year and a half several years ago in Europe, omitting many of the out-of-the-way places which he finished up during his late trip. Dr. Sweeney seems greatly refreshed in mind and body and bristles with epigrammatic descriptions of foreign travels. He is an optimist, believing that the great nations and people of the earth are growing politically and religiously upward and onward under the magic touch of a new dawn.

Dr. Sweeney has lived twenty years in Oakland and returns to receive a hearty welcome from his fellow townsmen.

**GAVE LEAP YEAR
PARTY.**

MEN AND WOMEN OF WOOD-CRAFT ENTERTAIN AT GOLDEN GATE.

GOLDEN GATE, October 21.—Perhaps the most delightful fraternal event that has taken place here for some time was the "Leap Year" party given last night at Klunkner Hall by the men and women of Woodcraft.

For nearly a month the committees appointed by Eschecholtz, Circle and Bay Tree Camp to arrange for the event have been working with great enthusiasm and have spared no effort calculated to add to the success of the party or to the pleasure of those attending.

Many amusing features were introduced to carry out the spirit of the occasion and the result was most gratifying to those who planned the affair, for the attendance was large and everyone present expressed their pleasure at the manner in which the arrangements had been carried out.

NEWS ITEMS.

Herbert Graham of Fremont street has returned from his vacation. J. Evans and family, formerly residents of this place, but who during last year have resided at Ashby station, have returned to Golden Gate and will make their home on Fifty-ninth street.

Miss Nellie Aljoe will leave Saturday night for Scotland, where she expects to spend a year visiting friends. Reginald Gubb of Sixtieth street, has returned from Angels Camp, where he has been spending his vacation.

**ST. ANDREW'S EXTENDS
WELCOME TO WANDERER.**

Last evening the doors of St. Andrew's Society were opened to receive John McMillan of this city, who has just returned from a sojourn of two and a half months amid the crags and peaks and the lochs and fells of Scotland and the lochs and fells of Scotland and the lochs and fells of Scotland. St. Andrew's is seen at its best. There is rejoicing because of the safe return of this wanderer and gratification over the recital of the latest tales from the old home and from friends who are left behind.

Mr. McMillan had much to tell about his journeying abroad.

A WOMAN'S NERVES

A THRILLING INCIDENT IN THE HISTORY OF A HOME.

Health Wrecked by Burden of Anxiety. Ordinary Medicine Did Not Help. Dr. Williams' Pink Pills Cure.

Some important facts bearing on an exciting event which occurred in January of 1903, have recently been brought to light. At that time it will be recalled, an employee was reported to have made an attempt to stab his employer, Mrs. J. A. Wyatt, the murderess purpose fortunately failed, and the courts disposed of the legal aspects of the case. The public excitement died down, but the matter had other results, which for a long time threatened to make it a tragedy. Mrs. Wyatt who had been prostrated by anxiety for her husband did not recover from the severe shock to her nervous system, and the doctors in charge of the case exerted themselves in vain to help her.

To a reporter who visited her home at No. 1138 Seventh street, Des Moines, Iowa, Mrs. Wyatt described her condition at this time, as follows: "My solicitude was so great that it affected my heart and then my stomach. I had pain in the region of the heart, palpitation and shortness of breath so that I could not walk very fast. My head ached very bad and I was finally seized with vomiting; spells whenever I took any food. A doctor was called and he pronounced the trouble gastritis but he gave me no relief. Then I tried a second doctor without benefit. By this time I had become very weak. I could not keep the most delicate broth on my stomach and for a month I was scarcely more than skin and bone and was really starving to death."

"I don't look now like a woman just ready to die. I feel well. I owe the recovery of my health to a very simple circumstance. One day when I was down-hearted at the failure of everything that had been done for me I recalled how much better my sister had got from Dr. Williams' Pink Pills and I decided to take them in place of the doctor's medicine. They helped me right away. In four days I could take weak tea and crackers. In two weeks I was able to leave my bed. Dr. Williams' Pink Pills were the only thing that checked the vomiting and as soon as that was stopped my other difficulties left me. I have a vigorous appetite now and am able to attend to all the duties of my home."

Not only great anxieties but small daily worries use up nervous force, and in multitudes of such cases every organ of the body finally gets out of order, for the nerves supply the tal energy to every part. Cases like these do not yield to ordinary medicines. They are reached and promptly cured by Dr. Williams' Pink Pills for Pale People, because these marvelous pills act at once on the blood and supply it with nourishing elements that are carried to every nerve in the body. The nerves grow well and are well to keep the blood pure and rich. The remedy that does that the most quickly, thoroughly and cheaply is Dr. Williams' Pink Pills. They are sold by all druggists.

WORK ON NEW POSTOFFICE IS PROGRESSING—SOCIAL ITEMS.

FRUITVALE, October 21.—Work on the new postoffice building, which is being constructed for George Lind, is being pushed rapidly forward, and the structure is already assuming a magnificent proportion. The framework is nearly completed and it is expected that work on the inside will commence in a short time. Thus far the building has a substantial appearance, and when finished will not only be a credit to the builder but to the entire community.

BASKET SOCIAL.

The Fruitvale Social Club will give a basket social in Blackman's Hall tonight. It is expected that the ladies will bring baskets full of delicacies for which the men will compete. After the contents of the baskets have been eaten games will be played and a social evening spent. There will be a large number of young people from Fruitvale present at the affair and all will doubtless enjoy themselves to the utmost.

DANCE AT BLACKMAN HALL.

A number of Fruitvale people will attend the masquerade ball which is to be given by Blackman's Hall tomorrow evening.

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. W. Watkins of Pleasant City, Ohio. "Pneumonia played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He is now sound, and well. Everybody ought to know it is a sure cure for Coughs, Colds and Lung diseases. Guaranteed by Osgood Bros., druggists, Seventh and Broadway, and Twelfth and Washington. Price 50c and \$1.00. Trial bottles free."

PARKER REPLIES TO TAFT.

TALKS ON THE SUBJECT OF ROOSEVELT'S ADMINISTRATION.

ESOPUS, N. Y., October 21.—Judge Parker today addressed a delegation from Hudson county, N. J., on the subject of administration extravagances, answering a speech made by Secretary of War Taft in which the Secretary called upon the Democrats to give a bill of particulars in connection with their charge that economy in government affairs had been forgotten in the years the Republicans have been in control of national affairs.

Continuing Judge Parker quoted a few totals from official reports, which, he asserted, raised the presumption of extravagance. A bill of particulars will be given, he said, when a Democratic administration gets a chance at the books.

From midnight until after noon today rain fell in torrents. Streams overflowed the roads were converted into brooks and made nearly impassable for pedestrians. Nevertheless the New Jersey delegation formed a procession at the Esopus station of the West Shore railroad and marched to Rosemount.

It had been the intention of the organizers of the trip to have special trains of sixteen coaches each and a party of 500 persons. The trains were to leave Jersey City at 10 o'clock and arrive at Esopus at noon. At 10 o'clock rain was falling in sheets at Jersey City and a few Democrats arrived at the trains. An hour later a delegation sufficient to fill ten coaches had arrived and unimpaired of the deluge determined to pay the visit to the candidate, despite the certainty of a mud bath at the Esopus end of their journey.

Reaching Judge Parker's house, the delegation surrounded the veranda. Though the rainfall had ceased, the trees were dripping and umbrellas had to be raised. When Judge Parker stepped from the house he was greeted by cheers and handclapping.

WOMAN THROWS HERSELF BEFORE CAR.

Fights With Her Neighbors and Then Seeks Death Beneath Wheels.

After fighting with several of her neighbors and being severely mauled and pulled about, Mrs. Mary Francis of 151 Second street, threw herself in front of an electric car last evening with suicidal intent. Fortunately the car was not traveling at a high rate of speed and the motorman brought it to a standstill before the woman was hurt much.

The attempted suicide was the ending of an hour's fighting. She began a fight with one of the neighbors and before the fight was finished several more had been brought into it. Hair was pulled and blows struck and, finally declaring that she did not wish to live any longer, she rushed out of her yard and threw herself in front of a passing car.

The fender saved her and when the car was stopped it was found that the wheels had not touched her but that she had been severely bruised by being pushed along the ground. She was taken to the Receiving Hospital by Policeman Walter where she was treated for a laceration of the scalp and hands. She was then allowed to go to her home. She is a woman forty-seven years of age and has several children. Her husband, Manuel Francis, is a longshoreman.

WIFE'S HEAD HIS FOOTBALL.

Enraged Husband Beats Helpless Spouse on Street.

Perry Rivers, a waiter, employed at Seventh and Willow streets, last night became enraged at his wife and beat her until she was unconscious.

The husband was so furious that he did not even mind the presence of Policeman Keefe. He first drove his wife from the restaurant and then knocked her down on the street. When she had fallen he kicked her three or four times in the head, rendering her unconscious.

He was immediately placed under arrest and taken to the city, where he was booked on a charge of battery. He was arraigned before Police Judge Smith this morning in the Police Court and pleaded not guilty. His trial will come up tomorrow.

DESCENDANTS OF PURITANS.

MEET IN GREAT NUMBERS IN ST. LOUIS TO CELEBRATE THE LANDING.

ST. LOUIS, October 21.—Several thousand descendants of the pilgrims and the Puritans from various parts of the country assembled here today. An object of great interest and veneration to those in the Festival Hall of the Exposition, where the principal exercises in connection with Puritan Day were held, was a portion of Plymouth Rock, where the pilgrims landed.

Rev. Dr. Washington Gladden, moderator of the National Council, presided at the meeting in Festival Hall. Addresses on "The Province of the Church in the Modern World" were made by Rev. Charles B. Jefferson, D. D. and Rev. Layman Abbott, D. D. of New York and others.

MRS. F. A. HALLECK IS A BRIDE

Mrs. F. A. Halleck, the former owner of the Cottage Restaurant on Tenth street, was married in Portland, Oregon, Sunday to V. E. Crawford, who formerly managed the restaurant for her. The couple left yesterday for St. Louis, where they will spend some time at the Exposition, after which they will leave for New York. At the conclusion of their honeymoon they will make their home in Oakland.

A short time ago Mrs. Halleck had some trouble with the Cooks & Waiters' Union, which resulted in her dismissal from the restaurant.

CHAMPION MORPHINE FIEND.

Has But Little Skin Not Touched By the Needle.

John Canty, who bears a unique distinction of being the champion "morphine fiend" on the coast, after an absence of ten years, turned up in the police court this morning on a charge of being drunk. Usually he has the charge of vagrancy attached to other misdemeanors. His entire misfortunes are due to the use of morphine.

There is hardly a patch of skin on his arms that has not been punctured with the needle. He admits having been a victim of the morphine habit for the last 15 years and says he does not see any chance of him ever leaving off the use of the drug. He has been in nearly every jail in California.

In view of the fact that he had not been in an Oakland court for ten years Police Judge Smith fined him but \$5, or three days.

PROHIBITIONISTS TO MEET.

CONFERENCE WILL BE HELD SATURDAY IN LORING HALL.

Alameda county Prohibitionists are planning for a county conference and convention for Saturday afternoon, October 22, in Loring Hall. A very attractive program is being arranged, which will include singing by Mr. and Mrs. Horace Simmons of Riverside and John E. Main, the bill-board man of Pasadena, with short addresses by Hon. T. BOY BURGLARS TO STAND TRIAL

The cases of Frederick Newell and Harry Ersmo, the two boys accused of having burglarized the store of Grimmer & Hill, at 447 San Pablo avenue, were continued this morning by Judge Samuels until October 28.

An effort was made to have the boys released on their own recognizance, but Judge Samuels said that he would not dismiss any case of burglary until he had investigated the circumstances surrounding the case.

The two boys concealed themselves in the store just before it was closed up. They then took some musical instruments and other small articles.

The general committee of the fair has made arrangements with the Elks' Quartet, which will contribute in a large measure to the excellence of the entertainment. Senator G. R. Lukens has also been secured to make a brief address.

To-morrow night will be devoted entirely to the chrysanthemum of St. Anthony's. No particular program has been arranged, but all the booths will contribute to the entertainment.

JAPANESE HAD TO RETIRE.

RUSSIAN FIRE WAS TOO WARM FOR THE ENEMY.

ST. PETERSBURG, October 21.—The General Staff today received the following dispatch from Sakharoff under today's date:

"The Russian troops October 19, made a reconnaissance in force against the enemy south of the village of Sindap. The enemy's outposts were driven back. The Japanese battery which opened fire was silenced and compelled to retire. There was no fighting October 20. This morning the Russian volunteer sharpshooters under cover of a fog closed up on the enemy and brought in another gun which was left at Poutloff Hill (formerly Lone Tree Hill). The Japanese opened a heavy fire, but the fire was silenced and they were compelled to retire."

CHARLES SLICER IS BURIED

The funeral of Charles D. Slicer was held this afternoon from the home of his sister, Mrs. Harriet Carpenter, Central avenue, Alameda. The remains were interred in Mount View Cemetery, the city. Mr. Slicer died Wednesday at the age of sixty-five years. He was well known throughout Alameda county, and for a number of years was active in politics.

FIRE AT BERKELEY

BERKELEY, October 21.—A fire that was evidently started by tramps threatened to consume a vacant house on Delaware street near West street today. The blaze was first noticed by a bakery wagon-driver who turned in still alarm. The Marston and North Berkeley fire companies responded, but when they arrived the fire had been nearly extinguished by neighbors. The damage was nominal.

BOOTHS AT ST. PATRICK'S FAIR ARE BEING WELL PATRONIZED.

One of the largest crowds that has visited St. Patrick's Jubilee Bazaar in West Oakland thus far, assembled at the auditorium last night. The visitors were given an excellent entertainment in which the members of the various booths participate. An orchestra discoursed music throughout the evening.

The pretty gowns of the fair set enhanced the scene already made beautiful by the gay decorations, electrical illuminations and the booths with their variety of stores.

The booths are being well patronized and the ladies in charge are meeting with success far beyond their expectations.

Dated, October 21st, 1904.

HENRY A. MELVIN, Judge.

SAM BELL McKee, Attorney for Petitioner.

THE LATEST NEWS OF THE DAY=4:30 P. M.

WOMAN
REFUSED
DIVORCE.

Her Complaint Was Not Sustained By the Testimony.

Mrs. Christina Lewis was refused a divorce by Judge Ogden yesterday afternoon on the ground that the complaint was not sufficiently established by the plaintiff's testimony.

The couple have been married for twenty years, and have two children. In her complaint, Mrs. Lewis stated that for seven years she had been compelled to support herself and her children or taking in washing. Out of her earnings, she says she paid the taxes on her residence in West Oakland. She stated that whenever she asked her husband to support her, he refused.

On one occasion she states that she caught her husband in company with another woman, whose name is Miller, at the Oakland mole. She tried at that time to have the pair arrested, but failed.

She stated that her husband was constantly employed as a miner at Colfax and that whenever he visited here he treated her with extreme cruelty.

Judge Ogden told Mrs. Lewis' attorney to amend her complaint to include her husband's allegations made in her own behalf. He offered, however, to issue a decree compelling the husband to furnish the wife with a certain monthly allowance for her support in case she did not wish to continue divorce proceedings.

This offer was rejected by Mrs. Lewis who will contest her pleading.

MELOY ARRESTED
FOR EMBEZZLEMENT

Harry W. Meloy, the resident representative of the Underwood typewriting establishment, was arrested this afternoon on a charge of misdemeanor embezzlement. He is alleged to have retained \$15.70 of the company's money. He formerly was employed by the company in New York and has only been on this coast a short while.

FIREMAN IS
DROWNED IN BAY

SAN FRANCISCO, October 21.—Sylvester Gail, a fireman on the transport Sherman, was drowned today in the bay at the foot of Harrison street. He was last seen in the company of four men, who say that he jumped from a wharf. The police are investigating the case.

R. Peratta, a scavenger, is on trial in Judge Samuel's court today on the charge of having violated the garbage ordinance.

HONORS
FOR RAMON
CORRAL.

Vice-President of Mexico to Be Given Reception.

SAN FRANCISCO, October 21.—Owing to the delay of the second section of No. 3 on the Southern Pacific, which was due in this city at a little after noon today, Vice-President Ramon Corral of Mexico will not be here till 10 o'clock.

The reception program has, however, not been changed, and he will be met at the mole by Admiral McCalla and will, with his party, be brought over to the city in one of the Government tugs. A guard of marines will act as escort.

On his arrival at the Polson street dock Colonel S. P. Jocelyn, who is in charge of the military escort, consisting of four companies of Coast Artillery, 275 men, with full band, will give him a welcome, and then the Vice-President will be escorted to the St. Francis, where he is to stay during his visit to the city.

The citizens' reception committee, consisting of Colonel Pippy, Varney Gasikil and Colonel Beck, will cross the bay and come on the tug with the Vice-President.

Chief Wittman has also detailed a body of mounted police to precede the naval military escort from the ferry to the hotel.

BOOKS
OR THE
MONEY.

Judge Ellsworth Called on to Decide Duns-muir Case.

The fight over the valuable collection of books left by the late Josephine Duns-muir is now in the hands of Judge Ellsworth for decision. The trial of the case has been in for several days and last evening it was submitted Judge Ellsworth said that he would have to hold that from the evidence of the contracts and the finding of the books at the Duns-muir home at Southern Farm, near San Leandro, that the books had been proven delivered. This was one point upon which a technical fight had been made throughout the trial.

A peculiar phase of the entire matter was brought to light when it was stated that E. Holdway, the publisher who is suing for his pay for books valued at \$20,000, was willing to take the books or the money, but could get neither. It then transpired that Edna Wallace Hopfer, daughter of Mrs. Duns-muir and heir to the estate, was willing to give the books up to the publisher as her taste was hardly in that line, and she would sooner keep the money to spend in other ways than to settle the amount. On the other hand, the books were bequeathed by Mrs. Duns-muir to the son of Mountford Wilson of the firm of Wilson & Wilson, attorneys, and he is holding out for the books, and wants the estate to pay the amount due upon them in order that he may get his legacy clear of incumbrance.

Between these two claimants, Executor Charles H. Lovell finds himself in a trying position. As the executor of the estate he would like to please Mrs. Hopfer. But his duty to the estate compelled him to submit the matter to the court.

Mr. Lovell wants to do what is right in the premises, but he insists that he must be guided by the judgment of the court. He has no interest in the matter further than faithfully performing his duties as executor of the estate.

FEIGNED
SUICIDE
AT HOME.

George Moliter Found a Way to Worry His Wife.

By an order of court today the pension drawn by George Moliter of Alameda for fighting for his country more than a quarter of a century ago was taken from him and given to his wife for the support of herself and their three children. He draws a pension of \$24 a month. After living with his wife for nearly twenty years he began such a system of drinking that he lost his position in the quartermaster's department in San Francisco and became so abusive at home that his wife finally brought an action for divorce.

It is alleged by her that he threatened her life with a murderous looking stick and upon one occasion feigned suicide in order to frighten her. He sprinkled carbolic acid on the floor and around his room and then lay on the bed as though dead. When he had thrown his wife into hysterics he began to laugh at her.

Pending the outcome of the divorce action Attorney R. B. Tappan asked for the order for the pension and it was duly signed by Judge Ogden this morning.

IN THE
CRIMINAL
COURT.

Judge Hall Does Not Want to Send Boy to Prison.

There was a long list of arraignments in the criminal department of the Superior Court this morning before Judge Hall and the following disposition was made of the various cases.

The charge of assault to murder against Belie Vega was dismissed upon the motion of District Attorney Allen, upon the ground that the woman had been tried before a jury and the testimony was of such a nature that he did not believe that an agreement would be reached by any jury.

The woman got into a fight with one Eva Perry at Livermore and after they had fought for some time she secured a knife and slashed her victim and left her for dead. There was considerable conflict of testimony as to who was really to blame in the affair and what extent the woman acted in self defense.

Frank McLaughlin, a youth fifteen years of age, pleaded guilty to having committed an act of burglary in entering the store of Hopkins and Batford in East Oakland. He admitted that he had done it in the night time, making it burglary in the first degree.

Deputy District Attorney Brown told the court that he had investigated the case and that he believed that the young man had proper parental care, which was the real reason of the trouble. He, however, said that he could not recommend that the boy be put on probation, as his companions were of such a character that, notwithstanding his intentions of doing right, he would go back to his old ways. He recommended that he be sent to some reformatory.

Judge Hall said that he would not send a boy of that age to the State prison as long as there was any other place to put him and continued the matter until next Monday for sentence and in the meantime will make up his mind what is best to be done in the matter.

George L. Price, the Alameda photographer, accused of having obtained money under false pretenses, appeared before the court to be arraigned, but owing to the fact that his attorney was not present the matter was put over for one week.

The cases of Henry Becker, charged with having entered the house of Henry McCoy, Manuel Couto, charged with assault upon Marie Poulter, Charles Knudsen, charged with having stolen \$70 worth of white lead from W. P. Fuller & Co.; Matthew Gates, charged with perjury in having sworn to the age of Helena Alexander as eighteen in order to secure a marriage license when she was not of age; George Loftus, charged with having entered the house of L. Madsen and of Jose Rodriguez, who was captured after a fierce struggle in the Occidental Hotel at Haywards were continued for one reason or another.

MRS. SKINNER
SECURES DIVORCE

In the suit of Horace L. Skinner against Mary Skinner, Judge Melvin has entered a final decree in favor of Mrs. Skinner on her cross-complaint. The charge in the cross-complaint was intemperance and cruelty. Mr. Skinner accused his wife of cruelty, but he failed to prosecute his action and allowed his part of the case to go by default.

Mrs. Skinner is a reputable woman and has many friends in Oakland. Frank J. Bready, a pioneer attorney of Alameda county, was counsel for Mrs. Skinner.

WARM WEATHER

SAN DIEGO, October 21.—Today is the hottest day here for three years. The temperature at 11 o'clock, official report, was 92 degrees, eight degrees above yesterday at the same hour.

SHOREY
HAS THE
LAUGH

"Sure Thing" Detective Distances His Opponent.

Detective Shorey, who has earned the sobriquet of the "real article" by solving various detective problems by the application of the syllogism and other forms of logic, further distinguished himself by making the highest score of all the detectives at target practice.

Shorey has always been credited with being there with the brain. His long suit was solving obscure problems by metaphysics. He was considered a wonder at that time but when it came to hitting anything with a pistol, his confederates Detective Kite, Quigley and Holland gave Shorey the merry laugh. But yesterday was Shorey's day to laugh. He made 52 out of a possible 75. The other detectives were only in the forties. Donny Holland said the sun bothered him. Quigley said the initial velocity of the bullet he shot was much faster than he was used to.

Detective Kite said his cartridges were loaded with "shot" powder. At any rate "Sure Thing" Shorey is king of the pistol shots.

GEORGE
HALLETT
IS DEAD.

Stricken With Heart Failure and Drops on Street.

SAN FRANCISCO, October 21.—George H. Hallett, a capitalist residing at the Palace Hotel, was stricken with heart failure and dropped dead today in front of a cigar store at 328 Pine street.

He was formerly proprietor of the Contra Costa Laundry Co. of Oakland and owned considerable property in this city.

PETITION REFUSED

Judge Ogden has refused to grant Morse's petition to have Supervisor Mitchell punished for contempt of court. The matter came out in the Livermore road case.

SENATOR PERKINS'
GIFT

Senator Perkins has presented to the Seamen's Rest of this city one hundred volumes of books, and has adapted to the likes and needs of seamen, including many coast surveys, maps, charts, etc., besides a fine sea atlas, and a large wall map of the world. The gift is greatly appreciated by those in charge of the work at the Rest, and will be much appreciated by many of the crews. At the frequent meetings of the Seamen's Rest, Senator Perkins, who has himself a seaman for five years, will give an address at the Rest in the near future, at which time one of the largest meetings in the history of the local work among sailors is expected to be held.

Many ships are now in Oakland harbor and the rooms at the Seamen's Rest are frequented by many of the crews. At the social meeting last night under the direction of the Endeavor Society of the First Christian Church, seventy seamen were in attendance, besides many other persons. The sailors acted in the program by singing, recitation, giving piano and violin selections.

STRANGER
TAKES
HIS LIFE.

V. R. Stowe, aged 32 years, a recent resident of Andrain county, Missouri, committed suicide at 1:30 o'clock this afternoon in room 22 in the Merritt Hotel, corner Twelfth and Franklin streets.

He stood in front of a mirror in his room in the hotel and firing a pistol to his head, blew his brain out.

Stowe was sick and despondent and without funds. He was a stranger in the city.

RUSSIAN
SPIES AT
WORK.

Trying to Trace Torpedo Boats For the Japanese.

SPOKANE, October 21.—Advices to the Chronicle from Hillyard states that men believed to be Russian spies have visited the Great Northern Railroad yards at that place, apparently seeking to trace the shipment of Japanese torpedo boats en route to the coast. Early in the evening a party of rough-looking strangers, believed to be Russians appeared at the yards, making inquiries for these cars. The yardmaster refused to tell them, but they learned elsewhere that the boats would arrive later. When the boats arrived, the men re-appeared, looked at the cars, took the numbers and disappeared again. The boats were shipped west the same night.

They are on flat cars, covered with canvas and billed as machinery.

FINDS HIMSELF MARRIED
TO ANOTHER MAN'S WIFE

Dr. Charles Lancaster Declares His Wife is a Cigarette Fiend.

Charging that his wife already had a husband at the time she married him, James E. Stevens began suit today through Attorney John C. Scott to have his marriage with Elinora Capps annulled. He says that they were married in Sacramento in 1902 and that at that time Mrs. Capps had a husband and that her marriage was, at the time, in full force and effect. He is living here while his wife is still a resident of Sacramento.

In extenuation of his position in the matter, Stevens alleges that he married her under a misapprehension, he having been advised that he could contract a legal marriage with her. She had begun an action for divorce against her former husband but after she married Stevens either dropped the matter or allowed it to go by default. She, however, had not been divorced at the time not is she now divorced, although both husbands are alive.

Charles E. Lancaster, a dentist, in a complaint filed today in a divorce action against Elinora Capps, declared that she has treated him and his six children by a former wife in a cruel and inhuman manner. He alleges that she has cursed and abused him and his children and so frightened them by beating them with a big iron spoon that they have all finally left home. Mrs. Lancaster is also addicted to cigarette smoking which he says he was ignorant of until after he had married her.

PRIVATE MAGILL VOTED
OUT OF COMPANY.

Remarkable Action Taken by the Members of Company A, N. G. C.

Private Fred Magill of A Company, Fifth Infantry National Guard of California of this city was, last night, dismissed from membership in that organization by the unanimous affirmative vote of all the members of the company, about forty in number, who were in attendance upon the meeting.

This action was taken because of the alleged unwarranted criticism, by Magill of former Second Lieutenant Poulter of that company, one week ago, when Magill opposed Poulter's re-election and favored the candidacy of Corporal Peter Winlund, who was elected to succeed Poulter.

Magill had been admitted to membership only a few moments before he made the verbal attack on Poulter which has now caused his forcible retirement from the organization.

UNFOUNDED CHARGE.

In his support of Winlund, Magill charged that Poulter, in the parade on Admission Day in this city, commanded the second platoon of A Company and that in so doing, he swaggled along with a cigarette in his mouth.

The charge, coupled with some previous election work resulted in the selection of Winlund to Poulter's position. Later, however, members became convinced that the charge was unfounded because they recalled, as they claim, that Poulter was not in command of a platoon but of the whole of A Company because First Lieutenant

WIFE HAS
HUSBAND
ARRESTED.

Dr. Ambroseuf is Detained on Insanity Charge.

SAN FRANCISCO, October 21.—Dr. S. A. Ambroseuf, formerly a physician and surgeon in the Russian navy, is being detained at the City Prison while under observation to determine whether he is suffering from a mental affliction. He was arrested Wednesday afternoon on a charge of making threats to kill his wife, Mrs. Gertude E. Ambroseuf of 870 Mission street.

Mrs. Ambroseuf informed Police Judge Hogan yesterday that she was unable to understand her husband's conduct. Apparently he has been affected mentally, and she was of the opinion that he had been given poison. She, after noon Wednesday he threatened to shoot her with a revolver, and she thought it advisable to call on him for protection. Ambroseuf is well known in Oakland where he figured in a number of public cases.

ANDERSON-WESTERMANN.—In this city, October 19, 1904, by Rev. J. J. Jatho, Charles A. Anderson and Ophelia Westermann, both of Oakland.

CANNOT
FATHOM
MYSTERY

Bruce Richardson Found Dead in a Room.

SACRAMENTO, October 21.—Bruce Richardson was apparently killed by the accidental discharge of a pistol, due to ignorance of the use of weapons.

How it was discharged is not understood, for it was an automatic safety and discharged so far away from the face that it left no powder marks.

The room in the tragedy occurred was rented to M. A. Jones, a railroad conductor.

With his son and young Richardson were schoolmates.

They walked down town together after school. Bruce had a pistol that he owned a rifle, shotgun and three pistols. He had never handled weapons of any kind.

He invited Willie to go hunting with him at Chukoma.

Willie said to him no gun, but his father had a rifle and pistol in room number 8 at the lodging house. Richardson repaired from his companion and evidently went direct to the room to satisfy a longing to handle and examine weapons.

REPORTS ON THE PRISON.

SACRAMENTO, October 21.—Warden Thompson of San Quentin, filed his annual report with Governor Pardee today. He reports that the difference in profits between 1903 and 1904 in the operation of the jail mill is \$20,000 as there were nearly 5,000,000 more bags sold in 1903 than in 1904.

He recites that the falling off in the grain crop this year coupled with the fact that merchants sold Calcutta bags for \$5.25 per hundred and in some cases as low as \$5, while the price of prison-made bags was fixed at \$5.40, is responsible for this condition of affairs.

Warden Thompson recommends that the Legislature amend the law requiring affidavits to be made with the purchase of every 5,000 bags and that the demand of 10 per cent of the purchase price be eliminated.

He states that the impression has heretofore existed that the products of the prison could be disposed of to farmers and grain growers in this state only. Some products have been sold in Oregon, Nevada, and the opening of these States, with Washington and Arizona, will give a market for surplus products.

Warden Thompson calls attention to the crowded condition of the prison buildings and says that it is necessary to keep four or five prisoners in a cell. He recommends that the Legislature make an appropriation sufficient for two more tiers of cells.

He also recommends that a guard post be erected upon the extreme southern part of the hog ranch, near the end of the road, to look after the properly guard a portion of the jail mill.

City Veterinarian Archibald, who is also city milk inspector, was killed in the face this afternoon by a fractious horse. The wound is several inches long and required several stitches to close it. He was attended by City Physician Von Adelung.

DIED.

SLICER.—In this city, October 19, 1904, Charles B. Slicer, brother of Mrs. Harriet Carpenter and the late Hugh Slicer, a native of Pennsylvania, aged 68 years, died at his home at 2122 Central avenue, Alameda. He was respectfully invited to attend the funeral Friday, October 21, at 11 a. m., at the residence of his wife, Mrs. Slicer, 2122 Central avenue, Alameda. Interment Mountain View Cemetery, private.

KERGAN.—In San Francisco, at his late residence, 328 Hyde street, Dr. John D. Kergan, beloved husband of Catherine Kergan, aged 55 years 6 months and 24 days.

Friends and acquaintances are respectfully invited to attend the funeral tomorrow (Saturday), October 22, at 10:30 a. m. at the chapel of the Odd Fellows' Cemetery, San Francisco.

Trusts Line Up For Parker

The St. Louis Post-Dispatch says the great corporations of West Virginia, particularly the big coal companies, are for Parker and Davis, and their influence is relied on to carry the State for the Democratic ticket. The Post-Dispatch, which is a Democratic paper, says that while Davis and his fellow-workers have been telling how the corporations escaped taxation other silent influences have been working to bring the largest corporations in the State to the support of the Democratic ticket.

"The alliance was proclaimed," it continues, "at the Fairmont meeting when ex-Governor Fleming appeared as chairman. Mr. Fleming and his relatives, the Watson family, are principal owners of the Fairmont Coal Co., the greatest mining company of the State, which employs 11,000 men in 59 mines, and owns 59,000 acres of land. When Congressman Wilson, in his tariff bill, put coal on the free list, the Fairmont Coal Co. donated him for re-election and ever since has held aloof from the Democratic party. Gov. Fleming proclaimed his return to the Democracy in his speech. Political leaders say that nearly every one of his 11,000 employees will vote the Democratic ticket. This Fleming re-enforcement brings another corporation into line.

"The ex-governor is counsel of the Standard Oil Co. in West Virginia, where that organization operates under the name of the South-Pennsylvania Oil Co., with 14,000 employees. On the Davis train, traveling from Fairmont to Wheeling, were A. A. Gaskill, superintendent of the South Pennsylvania Oil Co., and Col. Charles E. Wells, its legislative agent." This is frank testimony from the Democratic side that the trust corporations are giving their support to Parker and Davis in this campaign. They are not so open about it in other States as they are in West Virginia, but one can readily place the Standard Oil Company and the Coal Trust by the activity of their agents.

The opening of the game season this year has not been signalized by the usual number of gunning accidents, but we may expect the record of casualties to swell as the season wears on. Notwithstanding the numerous fatalities, the number of men who blow down the muzzles of guns and draw gas out of wagons muzzle foremost never seems to decrease. Fools multiply faster than funerals.

Bard's Democratic Friends

We find this interesting squib in the Los Angeles Times: "At least three of the Democratic nominees for the Assembly have announced positively their intention to vote for the re-election of Senator Bard if it becomes apparent that a Democrat cannot be elected to the United States Senate from California. Whatever else this may indicate, it certainly shows an appreciation of the fact that the people of Southern California are for Senator Bard and that he is in every way the candidate best fitted to serve the State in the national Congress."

It so happens that these Democratic candidates for the Assembly are running in normally Republican districts against regularly nominated Republican candidates who are opposed to the re-election of Senator Bard. So far from their pledge to vote for Bard being an expression of popular sentiment, it is a bid for the votes of Bard Republicans if it is not evidence of a traitorous bargain between Democrats and Bard's supporters to defeat Republican legislative nominees who do not favor the Hueneme state-man. Why does the Times go to the Democrats for an expression of Republican opinion? The Times is a professedly Republican journal, but its comments are calculated to encourage Republicans to vote for Democratic legislative nominees who are running against anti-Bard Republicans. Suppose the supporters of the other Senatorial candidates colloqued with Democrats and connived at the defeat of Bard candidates for the Legislature, what would the Times say?

Is the program to be, Anything to elect Bard? Is Senator Bard running as a Republican or a Democrat?

Parker Gets Sadly Mixed

Secretary Root has given Judge Parker some information about the Philippines and the Filipinos of which that bucolic statesman appears to be in great need. Judge Parker charged up the whole cost of the Spanish war to our expense account with the Philippines, and exhibited a peculiar lack of information as to what had been done in the islands. All the men who were killed, injured, got sick or died in the United States army since the beginning of the war with Spain he charged to Philippine account. It is charitable to assume as Mr. Root did, that these grotesque allegations were made in ignorance, but whether they were prompted by ignorance or mendacity they strikingly demonstrate Judge Parker's unfitness for the Presidency. He seems utterly unable to grasp the Philippine problem or to assimilate the ordinary facts relating to the American occupation of the islands. He seems to think the United States should have collected from the Filipinos the \$20,000,000 paid Spain as an indemnity for the cession of the archipelago. Apparently he regards the transaction as a financial speculation on the part of the Government. It is remarkable to find ideas and information so restricted in a candidate for the Presidency.

The odds are four to one on Roosevelt in New York. This tells a story that none can mistake. The betting is simply a reflection of public sentiment. It is the financial expression of the consensus of opinion.

As the election of Roosevelt becomes more and more of a certainty the money market becomes more buoyant and business conditions more promising. Republican success is so assured that the fear of Democratic ascendancy exercises no disturbing influence. Industrial stocks are rising in value and money is getting easier. It is freely predicted by conservative men that a business boom will follow the election. This, of course, is based on the assumption that Roosevelt is to succeed himself. The election of Parker would cause a business slump.

Good Work for Alameda

The wisdom of Alameda County making an exhibit at the St. Louis Exposition has been abundantly vindicated in a way that reflects the highest credit on the three members of the Merchants' Exchange that managed the exhibit. Up to the present time Alameda County has been awarded thirteen gold medals, and there probably are more to come. The county has been awarded gold medals for canned fruit, wines, olives, sugar, hops, barley, and other staple products. This is sufficient to prove that Alameda County has made an impressive showing at St. Louis. It would have been still more impressive but for certain handicaps that were hardly avoidable. Every Oaklander that visited the fair was highly pleased by the exhibit, which came in for warm praise in many directions. Under the circumstances, the winning of so many gold medals is a high testimonial to the faithful manner in which Commissioners W. H. Weilby, Wilber, Walker and Theodore Gier discharged their trust. What they accomplished reflects credit on the Board of Supervisors, which provided the funds and selected the commissioners.

Supervisor Horner's Good Work

It has long been the practice in Alameda County to re-elect good men to the Board of Supervisors. It is sound business policy to do so, as the taxpayers have discovered. It is in full accord with this excellent principle and precedent to re-elect Charles F. Horner, who represents the Eastern and Southern end of the county in the Board of Supervisors. Mr. Horner has been exceedingly solicitous in behalf of his district, and has besides given intelligent study to the needs of the county in general. He has been instrumental in having the roads and bridges in his district put in first-class condition. His zeal in this direction has caused it to be charged in Oakland that his section of the county was getting an undue share of public money. It is needless to say that Mr. Horner does not intend to be unfair to any other section, but he feels he ought to get all he can for his district. That he has been very successful in this direction cannot be gainsaid, and that very fact gives him the very highest claim on the support of his constituents. In every part of his districts the condition of the roads testify to the faithful manner in which he has served the people who elected him. He does not seek patronage in the Board, but binds his efforts to getting something substantial for his district—a new road, a new bridge, or something else that will be a public benefit. This is the sort of service that ought to be appreciated, particularly by farmers to whom good roads are a great boon. In general matters affecting the county's interests, Mr. Horner is always wide-awake. His views are sound and his votes are dictated by a sincere desire to do the right thing. So capable and useful a man is not to be had every day, and Mr. Horner's constituents appear to be well aware of the fact. If they appreciate a high quality of service they will re-elect him by a largely increased majority.

It is proposed to establish a railway museum in Chicago. It will have to be very large if it is to hold the skulls of all those slain in railroad collisions.

The stockmen are still wondering why the price of dressed meat should go up while the price of cattle on foot remains the same.

Congressman Bell is now in a position to sympathize with the parrot that talked too much. His free use of his tongue has got him into trouble. His attempt to appropriate to himself the credit of having one of the new Government colliers built at Mare Island has brought out a statement of the facts from Senator Perkins that makes Mr. Bell look rather small. The amendment to the bill was inserted in the Senate at the instance of Senator Perkins. Mr. Bell made a speech in its favor in the House, but he would have had nothing to talk about if Senator Perkins had not secured the insertion of the amendment.

NEW YORK, October 21.—Both Democrats and Republicans produced figures to-day that predicted to their satisfaction on the election of their candidates for the Presidency.

Senator Scott of West Virginia gave out Republican claim. "I believe," he said, "that Judge Parker will be beaten as badly as Greeley was in 1872. New York State, in my opinion, will give Roosevelt a majority ranging from 50,000 to 75,000 votes. New Jersey and Connecticut are as safely Republican as Massachusetts. There is not a doubtful State in that group of States known as the Middle West—and in this group I include Indiana—while California, Oregon and Washington will register record breaking majorities. I believe Colorado, Utah, Idaho and Montana will cast their vote for Roosevelt. Maryland is debatable ground, with an even chance of our carrying it. If any doubt existed about West Virginia it has been removed."

The Democratic managers believe they have a good chance of carrying Wisconsin and of electing Democratic Governors in Michigan, Minnesota and Illinois. Walter Lamb of Nevada, secretary of Thomas Taggart, said that the Democratic candidates for Governor would run ahead of Parker in the Rocky Mountain States.

The plumbing ordinance which has been in preparation for the last several months was recommended by the committee.

ACCEPT PART OF STREET.
It was recommended that the bituminized portion of Telegraph avenue between Sixteenth and Nineteenth streets be accepted. This was done so that the contractor might get his money.

CEMETERY.
After years of effort the residents along Cemetery Creek are to have a sewer. Last night the Street Committee recommended that the District Attorney be instructed to institute condemnation proceedings to obtain rights of way for the sewer where the owners refused to give it.

MINOR RECOMMENDATIONS.
It was recommended that Sixteenth street be opened through lot 9 of the Dunsmuir tract.

EMERYVILLE.
The committee recommended that the Hutchinson Company be granted an extension of time in grading curbing and macadamizing Shattuck avenue between Telegraph and Cherry streets.

MANY BLOODED HORSES ARRIVE.
—NEWS ITEMS OF INTEREST.

EMERYVILLE. October 21.—Garrett and Ferguson have arrived from the East with a string of horses, including Bear Catcher and The Mighty, Battager and Harmon have come from Seattle with Karabel, George Berry, Carmelita and other racers.

Jean Hopps has also arrived from Seattle with Dr. Sherman and Educate, while Harry Whitney has Miss Vera and several other thoroughbreds. All are stabled at the track.

James Corcoran has a string of twelve horses which he has raced here on previous occasions. Among them are Rio Shannon, Galanthus and Foxy Grandpa. A. Forbes has a stable of eleven horses from Chicago. Among them are Beau Ormonde and Hahnault.

The ring of Dr. Hingstors, veterinary infirmary, is being repaired. The store rooms in the Leiman building on Park avenue are being papered and will soon be ready for occupancy.

Will be found an excellent remedy for sick headaches, Carter's Little Liver Pills. Thousands of letters from people who have used them prove this fact. Try them.

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have been so blessedly helped through the use of Lydia E. Pinkham's Vegetable Compound that I feel it but just to acknowledge it, hoping that it may help some other woman suffering as I did. For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well."

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nora Hennessy, 410 S. Broadway, Lexington, Ky.

The experience and testimony of some of the most noted women of America go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will correct all such trouble and at once, by removing the cause, and restoring the organs to a normal and healthy condition.

"DEAR MRS. PINKHAM:—About two years ago I consulted a physician about my health which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month. The physician prescribed for me, but I soon discovered that he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked."

"You cannot realize how pleased I was, and after taking the medicine for only three months, I found that I was completely cured of my trouble, and have been well and hearty ever since, and no more fear the monthly period, as it now passes without pain to me. Yours very truly, Miss Pearl Aokers, 327 North Summer St., Nashville, Tenn."

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound and write Mrs. Pinkham at Lynn, Mass., for special advice. Her advice is free and helpful. Write to-day. Delay may be fatal.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

NARROWING DOWN FRESHMEN DEBATORS

BERKELEY, October 21.—At the freshman debating tryouts held last night in North hall the following men were chosen for the finals to pick the class team: M. E. Harrison, F. A. White, F. A. Whitney, S. E. Rosenthal, J. M. Burke, C. K. Harndenbrook, J. Robinson, H. Jones and E. J. Leeb.

The finals will be held Monday evening, October 24, in Siles hall, at 8 o'clock. Twelve minutes will be given each speaker, three men and an alternate to be chosen.

The question under discussion is: "Resolved, that the repeal of the present State compulsory vaccination law is desirable." The freshmen will uphold the negative in the interclass debate.

An invitation having been extended to the anti-vaccination league of Berkeley to attend the debate, they have decided to do so in a body.

Those who tried out last night were: F. A. Whitney, S. E. Rosenthal, S. E. Rosen, A. Whitner, S. L. Towles, S. E. Rosen.

GREET TO PLAY AT MILLS COLLEGE

The festival of Shakespearean drama at Mills College tomorrow will be one of the greatest events in the history of Alameda county. Crowds will visit the beautiful spot to witness the open-air performance of "As You Like It." The cast will be a very strong one and Ben Greet's company is one of England's finest organizations. The vocal music will be rendered by a fine quartet of singers and every attention will be paid to correct costumes, etc. The college grounds are particularly suited to this style of performance. It will be the only open-air performance by the Greet company in California, although in England Mr. Greet gives them by the dozens, and they are very popular. In the evening, at 8:30 o'clock, "The Merchant of Venice" will be given in Lister Hall, with Greet as Shylock.

Supper will be served between the two performances for those who wish to attend both. The affair is for the benefit of the college endowment fund. Special cars will run from Twenty-third avenue to accommodate those desiring to attend without inconvenience. Tickets can be secured at Sherman, Clay & Co.'s, Smith Bros. and at the college gate. As the weather promises to be most delightful, a big attendance is to be expected. Many are coming from San Francisco and Berkeley.

WASHINGTON AT TENTH

SUCCESS OF FRANK DANIELS

JULIET LAWRENCE, WITH FRANK DANIELS' COMPANY.

Music and hilarity will be dominant at the Macdonough Theatre next Tuesday and Wednesday nights when Frank Daniels, than whom there is no funnier man on the contemporary stage, will offer his musical comedy, "The Office Boy." His company is said to comprise nearly one hundred persons, and being under the immediate management of the astute Charles B. Dillingham, who keeps right on absorbing desirable attractions, it is a fair presumption that everything possible has been done to give the enterprise a vogue.

It is known that Daniels was one of the solid successes of last year, and his present piece is spoken of as something exceptionally brilliant in light and graceful music, with a happy conceit in the way of a characteristically comic situations. A handsome production is also promised and there is every reason to believe that it will be a notable contribution to the gaieties of the season.

The seat sale opened last Wednesday morning and if the first few days' sale is any criterion the houses at both performances will be packed.

IN LABOR UNION CIRCLES.

The meeting of the Painters, Decorators and Paperhangers' Union last night was an enthusiastic one. Several candidates were initiated and a number of applications received and placed on file.

The committee in charge of the fifth annual ball to be given tomorrow evening in Pythian Castle reported that everything was in readiness and that from all indications the affair would be an unqualified success. The fifth

Regiment orchestra will furnish the music.

PRINTING TRADES' COUNCIL.

Tonight the Allied Printing Trades' Council will hold its regular meeting at 371 Eleventh street.

All members are requested to be present as important business is on hand for consideration.

WILL ATTEND DANCE.

The Cooks and Waiters' Union will attend in a body the third annual ball of the waiters' Union, Local No. 30, which takes place tomorrow evening at the Mechanics' Pavilion, San Francisco.

WILL GIVE RECEPTION.

The Machinists' Union is planning for a reception which will be accorded James O'Connell, president of the International Association of Machinists, when he arrives here in November. Mr. O'Connell will deliver an address before the local union, telling of the conditions of the craft in the East.

He reports business as being fair in the North and booming in the South where the planters are receiving high prices for Cotton.

WEST ALAMEDA FAVORS NEW CITY CHARTER.

West End Improvement Club Will Advocate Matter Before Trustees —Other Encinal News.

ALAMEDA, October 21.—At the meeting of the West End Improvement Association last night the new charter came in for much discussion.

Charles S. Neal, chairman of the Alameda Advancement Association's committee, which appeared before the Board of Trustees last Monday night to advocate the matter, was on hand and told of progress made and the work to be done.

Alexander Mackie and S. S. Green also spoke upon the subject. The West Enders are very enthusiastic over the proposition and when it is brought up before the trustees next Monday evening, they will probably be there in a body to boost matters along. It is hoped that all who are interested in securing a new charter will be on hand Monday night to lend their support to the measure. It is earnestly desired that a freeholder's election be called so that the matter may be brought before the Legislature at its next session. Otherwise two years must elapse before anything can be accomplished.

LECTURE TONIGHT.

ALAMEDA, October 21.—Rev. W. N. Guthrie will deliver a lecture on "Domestic Art" tonight at Woodman (Holts) Hall, for the benefit of the Mission of Christ Church. The lecture will be illustrated by stereopticon views and promises to be very entertaining. A large attendance is expected.

GAVE SOCIAL DANCE.

ALAMEDA, October 21.—The third social dance of the Bay Shore Club was given Wednesday night at Harmonie Hall. The affair was well attended and the proceeds will be devoted to the completion of the club's quarters at the foot of Ninth street. It is hoped in time to make the organization one of the foremost boating clubs in the city.

STOLEN GOODS RECOVERED.

ALAMEDA, Oct. 21.—Chief of Police John Conrad has recovered nearly all of the jewelry stolen from the residence of J. J. Herkness, 1210 Park street, on the 11th of this month by W. F. Kennedy, who was arrested here Tuesday night and who confessed that he robbed the house. He has also admitted to the police that he burglarized the home of F. E. Newberry, 730 Pacific avenue, and the cottage of W. C. Donnelly, 1211 Pacific avenue. Two hundred dollars' worth of diamonds and jewelry were taken from the Newberry residence, but thus far none of the property has been recovered. Kennedy has also confessed to having robbed the homes of George Murdock and Louis Newberry. He asserts that what jewelry he did not dispose of he threw away.

ATTRACTIONS FOR THE MACDONOUGH

"Fritz & Snitz," a new musical comedy in which Mason and Mason will be seen at the Macdonough Theatre tomorrow matinee and night, comes to this city highly recommended. New songs, bright and catchy music, a specially selected cast of forty performers with a well-drilled chorus of finely gowned show girls, all help to make this the best up-to-date musical comedy on the road. Performances are to prevail during the engagement.

TEXAS STEER.

Hoyt's greatest success, "A Texas Steer" was first produced fifteen years ago and has been on the road continuously and each year has made money for its managers. There are many reasons for this, first, it is probably the greatest American comedy ever produced, and the real reason is the excellent cast that has always been provided for it. The company has always been kept up to the original standard. This happy satire on American politics comes to the Macdonough Theatre next Sunday matinee and night and Monday night. Seats are now on sale for all three performances.

MISSIONARY BISHOPS CHOSEN BY DEPUTIES

BOSTON, October 21.—The election of several missionary bishops was the principal business before the Episcopal House of Deputies assembled today. The vacant dioceses are those of Salt Lake and Honolulu, China. A bishop will also be sent to Cuba and one to Mexico.

CATARRH OF THE STOMACH

A Pleasant, Simple, but Safe and Effective Cure for it.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headache, sickle appetite, nervous and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen, it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison, the safest and best treatment is to use after each meal a tablet, composed of Dillseed, Ascorbic Acid, a little Nux Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and they are used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge from the sinuses passes backward into the throat, reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribe for me for three years for catarrh of stomach without cure, but I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found fresh, appetite and sound rest from their use. Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals."

KNOWLAND AND HORNER ARE GIVEN OVATION.

Candidates Are Well Received at Enthusiastic Meeting at Livermore.

LIVERMORE, October 21.—The largest crowd that ever assembled at a political meeting in this city crowded Sweeney's Opera House at the opening Republican rally of the campaign last night. The meeting was called to order by August Hagemann, who introduced as chairman of the evening the Hon. William McDonald, one of Livermore's most popular citizens, to assume the chair.

The presiding officer called the names of the following vice-presidents, who took seats upon the platform:

William Lowenthal, F. Mathiesen, F. R. Fassett, Charles Nissen, P. C. Waltenbaugh, Chester Toling, John M. Stanley, D. Dieckhoff, Hans L. Camp, T. F. Brady, Rasmus Christensen.

George W. Reed and Lincoln S. Church were with the visiting candidates. They also occupied seats on the platform.

The Elks' Quartet of Oakland was in attendance, and during the evening rendered a number of songs, which were most enthusiastically applauded.

JOHN G. MATTOS.

The first candidate to be introduced was the Hon. John G. Mattos, the nominee for State Senator from the Fourteenth District.

Mr. Mattos was accorded a most enthusiastic reception. He called to mind the kind treatment he had received from the people of Livermore as their nominee for the Assembly, and hoped that his actions as a member of the Assembly had merited their approval. He pledged himself, if elected, to continue to represent the people of his district honestly and conscientiously.

J. K. STROWBRIDGE.

J. K. Strowbridge, candidate for the Assembly from the Forty-sixth District, pledged himself, if elected, to render the best service within the limitation of his ability, and declared that he would work hand in hand with Mr. Mattos in all matters which would be of benefit to the people of his district.

SUPERVISOR HORNER.

Although Livermore is the home town of Supervisor Horner's opponent, nevertheless Mr. Horner was given a very hearty welcome. He spoke but briefly, reviewing his official acts as Supervisor during the past four years and pledging himself, if re-elected, to give his best services to the people of his district.

Mr. Horner made a most favorable impression and at the conclusion of his remarks was enthusiastically applauded.

SENATOR KNOWLAND.

Chairman McDonald, in introducing Senator Knowland, recalled the fact that six years ago he had served with him as a member of the Assembly, and that he had never felt more pleased over a nomination than when Mr. Knowland was selected as a successor to Hon. Victor H. Metcalf.

Mr. McDonald recalled the fact that he had been interested in the election of a number of Congressmen from the Third District, among them being Hon. Joseph McKenna, Hon. Samuel G. Hilborn and Hon. Victor H. Metcalf, and believed that Senator Knowland would be a worthy successor of these gentlemen.

"I hope," declared Mr. McDonald, "that Knowland will remain in Congress until he is gray-headed."

Senator Knowland is well acquainted in Livermore, particularly among the younger men, and when he faced the audience was given a very enthusiastic reception. He declared that the meeting was one of the largest that he had so far attended during his canvass through the Third Congressional District.

"California," declared the speaker,

"with its unlimited resources, and with the great events which have occurred, and are still occurring, on the shores of the great Pacific, is beginning to occupy a position in the world's affairs that we can scarcely appreciate. A new era is dawning for this commonwealth, and the day is not far distant when this State will be one of the great commercial centers of the world."

"No State is deriving greater benefits from the policies of the Republican administration than California. The people are alive to this fact, and it will be surprising if California does not go 50,000 for Roosevelt."

"Every Republican Congressional nominee should be elected from California to assure a continuation of the policies under which California has prospered."

"Our Democratic friends tell us that it is the Almighty, and not the Republican party, that has brought prosperity to this country. If the Republican party has gone into partnership with the Almighty, I believe that the prayer of the American people will be, 'Don't dissolve that partnership.'"

An old negro preacher was once asked by a Democratic orator if it was not the Almighty, instead of the Republican party, that had brought prosperity to the country. "Well," replied Uncle Mose, scratching his gray head, "I s'pose that 'phaps it was the Almighty that did it, but I suspect the Republican party helped Him a heap."

With each campaign, the Democratic party has a new issue. For the last three campaigns the issues have been free trade, free silver and anti-imperialism, but during this campaign you can find no two Democrats who agree as to the so-called paramount issue."

In closing, Senator Knowland urged the Republicans of Livermore to do their share in rolling up for the county of Alameda an unprecedented majority for President Roosevelt, and for every candidate, not forgetting Supervisor Horner.

COL. EDDY.

Senator Knowland was followed by Col. T. V. Eddy, generally acknowledged to be one of the most eloquent and forcible speakers on campaign issues in the State of California.

Col. Eddy certainly made good, delivering one of the most interesting and convincing talks ever listened to by the people of Livermore. The great audience was most attentive, and at the close of the meeting the belief was generally expressed that Col. Eddy's talk had won many votes for the Republican ticket.

At the close of the meeting Chairman McDonald proposed three rousing cheers for the Republican ticket from top to bottom, and they were given with a vim. Those in charge of the meeting were generally congratulated upon its success.

"THE CALIFORNIA HUNDRED"

A select party of 100 Californians will leave San Francisco October 27 for the World's Fair. They will be under the personal guidance of a Californian, who has just returned from a forty days' visit at St. Louis, and he knows how to see the most and get the best at the least expense. This will be the last chance to visit the Fair at reduced rates. Stops en route will be made at principal points of interest, among them Salt Lake City, Denver and a two days' visit in Chicago. The best hotel accommodations and railroad tickets at special rates. If you desire to be one of this party address for literary and all details of expenses: Personal Conductor, California One Hundred, No. 225 Market street, San Francisco. Write at once in order to secure choice sleeping car accommodations.

MONEY FOR YOU.
Are you good at guessing? Read the offer in next Saturday's TRIBUNE in the want ad page. If you are a good guesser you can secure the cash by solving the puzzle. Try it.

A housewife can manage very well without scales if she will follow this simple plan. One ordinary teaspoonful of flour is four ounces, so that four teaspoonfuls make one pound. Sugar is heavier, so do not take a full cup of it to make four ounces. Sifted sugar is so light that a teaspoonful only weighs two ounces. With a very little experience you will measure ingredients quite accurately in this way.

SKULL AND KEYS HOLD ANNUAL RUNNING.

BERKELEY, October 21.—In fall dress coats and white duck trousers, the neophytes of the Skull and Keys society of the University of California held their annual running of the campus flag. Under the direction of the old members of the society the initiates were made to go through a ludicrous series of antics that kept the University in a state of merriment all day. The flag bearers, by the way, were women. The neophytes were compelled to escort the unwilling and blushing girls from the trains to the University grounds. The students carried the books of the young women and shaded them with their hats.

The neophytes were then compelled to turn their attention to toys with which they played about the college halls. This afternoon the Skull and Keys presented their annual spectacle before the bleachers to the edification of a large delegation of society from both the University and the State.

These initiated into the mysteries of the society are: A. R. Baker, C. B. Booth, W. C. Cavalier, R. Caskey, C. Arnold, M. R. Daniels, J. Edwards, A. Ford, P. C. Gray, C. E. Ellis, H. F. Harold, E. Gillette, F. R. Hallett, J. E. Hall, J. D. Isaac, F. B. Kellogg, J. F. Miller, M. C. Milton, A. P. Rimmer, A. D. Spencer, C. F. Taylor, J. E. Thompson, J. C. Turner, W. S. Whitney, F. Wulfr Jr. and C. L. Wickes.

The waves are recorded by the usual method of the rotating cylinder. Mr. Dixon has spent many years in research work of this nature and has just recently completed the first of these series of delicate experiments. It is of interest to note that the University is one of only three or four universities where there is sufficient apparatus for these experiments.

If the experiments are successful a law will be determined for all poetry.

As yet the news of the experiments that are being held here have not spread around much, because the organizers wished to arrive at some definite conclusion before the matter was made public. The experiments taken up in this line, of the comparison between the stress in poetry and heart palpitation, are an entirely new schemata, and any definite and conclusive result cannot be attained, one of the greatest steps in science of the age will have been made.

NEWS FROM S. P. YARDS.

BERKELEY WILL RECEIVE EXTENSIVE REPAIRS—
SHOP NOTES.

Extensive repairs are to be made by the Southern Pacific Company on its ferry boat Berkeley. It has been a number of months since the Berkeley has been given a thorough overhaul and during a lull in traffic and when another ferry boat is in readiness to take its place, the vessel will be put up for several weeks.

The Berkeley was recently inspected by the United States Inspectors and while all important features of the boat were found to be in good condition, attention was called to matters of minor importance. The officials of the Southern Pacific Company were well aware of these needed improvements and repairs and were only waiting an opportunity to take the Berkeley off her regular run between the Oakland and San Francisco routes and the San Francisco and Seattle routes.

Among other things the Berkeley will have her cylinders rebored and new piston rods installed. She will be dry docked and given a most complete overhauling as it is the desire of the Southern Pacific Company to have its boats in the best possible condition. When the repairs are completed the Berkeley will be painted from top to bottom inside and outside.

HERALD DISABLED.

While the Southern Pacific ferry boat Herald was on her regular run Wednesday she broke her shaft and has been compelled to tie up pending the arrival of a new shaft from Sacramento.

WELL KNOWN HERE.

R. J. Laws, superintendent of the Sacramento Division of the Southern Pacific Company, who dropped dead yesterday, as was told in the TRIBUNE, was at one time connected with the Maintenance of Way Department of the Western Division. He was known to a great many of the local railroad men and enjoyed their utmost regard.

NEW EMPLOYEE.
R. R. Mitchell of Berkeley has just returned from Bakersfield. He has held a position in the Kern River Company and is about to enter the employ of the Southern Pacific in West Oakland.

COURT SETS FREE ALLEGED SWINDLERS

CHICAGO, October 21.—A dispatch to the Tribune from El Paso, Tex., says: A telegram from Mexico City says that the plea of Mason, Richardson and Harle, the alleged insurance swindlers, has been granted and that the Supreme Court has ordered them set free.

Mason and Richardson, whose real names are Mitchell and Huribut, of Rochester, New York, were agents for an American insurance company at Chihuahua and in connection with Dr. C. S. Harle, the company's physician in that city, are alleged to have insured and poisoned Mitchell's brother and a

After the arrest of the trio and the confession of Haric the bodies of Devers and Mitchell were exhumed at Chihuahua and one chemist found poi-

son but later a government chemist declared there was none, and the order is the result.

Harry McTier of Pecos, who was special commissioner in the case, ordered their extradition and a short time later is said to have committed suicide at Seattle.

PROPOSED PYTHIAN CASTLE.

At a meeting of the directors of the Pythian Hall Association, an offer from a prominent real estate firm was read offering the sum of \$10,000 cash for the lot owned by the above association situated at the corner of Twelfth and Alice streets. The offer was not accepted as the directors consider the property of more value and expect very shortly to break ground for the erection of a castle hall.

CONCERNING CASTRO STREET.

City Attorney Ryker made his report, in which he recommended the Board to draw up a new petition in regard to grading Castro street. The grade established by the Trustees in 1850 was illegal, and as many people have purchased property on the street since that time it was thought best to draw up a new ordinance.

The following compose the arrangement committee: W. G. Volkman, J. J. Patton, B. McFarland, J. L. Harrold, H. B. Wittingham, R. L. North, W. B. Pendleton, Misses Mary Dostine, Louetta Weir, Frieda Warr, Edith Taylor.

LICENSEES.

The reception committee consists of G. H. Stoddard, chairman; R. V. Jordan, J. Tysowski, W. E. Golchuck, J. C. Bickel, J. A. Kunkin, J. H. Jenkins, Misses Grace Thelen, Belle Jarvis, Ruth Green, Evelyn Dunbar, Grace Snow, Ethel Phoebe Dunbar and Mrs. C. S. Cooper.

The decoration committee consists of the two other committees.

City Attorney Ryker was instructed to prepare an amendment to the ordinance covering licenses imposed upon the bank, telephone company, telegraph company, water company and on hotel and restaurant patrons.

The amount of increase was not definitely fixed upon, but the Trustees will decide that question at their meeting.

Mrs. Brewer will officiate as the manager, assisted by H. B. Witherington and B. Harrold.

Mrs. Benjamin Ide Wheeler, Walter Magee, Edward, Frank Scule and H. K. Schilling are the patronesses.

TO GRADE STREET.

T. B. Russell, the town engineer, was instructed to form an estimate as to cost of macadamizing and grading a street from Grand street to the westerly city limits. He will report at the next regular session. This town ought to have had considerable traffic

BERKELEY LEADS IN REGISTRATION

BERKELEY, October 21.—Berkeley's boast that she is the fastest growing town in the State is backed up in the cold figures of the recent registration of voters data just received from County Clerk Cook.

The increase in two years in Alameda county brings the college town into public notice as a phenomenally developing community. Berkeley's gain is 35 per cent. Oakland has done about one-third as well, having gained 12 per cent, or one-seventh as much as

12 per cent. Alameda has gained only 5 per cent, or one-seventh as much as Berkeley. The county dist lists show only 1 1/4 per cent increase. One remarkable feature about Oakland's increase is that the greatest gains in that city have come in the yards adjacent to the city.

WILL RALLY AT PLEASANTON. A 24th-Street Surprise

He Had Bright's Disease and Was Certain There Was No Hope. Fulton's Compound Was a Revelation.

PREPARATIONS BY THE PEOPLE
THERE LOOK FOR BIG
DEMONSTRATION.

PLEASANTON, October 21.—A new orchestra has been organized here and is doing fine work in the way of music. It is the intention to give a number of parties during the winter. The first one will be given early in November. The following ladies and gentlemen compose the orchestra: Miss Lina Vandervoort, Miss Pearl Morse, Mr. Fred McDougall, Mr. Charles Rathbone.

REPUBLICAN MEETING.
Much interest is being shown and a very large crowd is expected to attend the Republican meeting, here next Wednesday evening at Neilsen's pavilion. A special train will come from Oakland and return after the meeting.
The following are among the speakers of the evening: J. Knowland, J. G. Mattos Jr., E. K. Strohbridge, C. F. Horner, R. S. Church.

The pavilion will be nicely decorated for the meeting with bunting and flowers.
ARE ENGAGED.
The engagement of Miss Beattie Johnston and T. Fred Bell of San Francisco has been announced. Miss Johnston is the oldest daughter of Mr. and Mrs. J. A. Johnston, and was raised here. She is one of the handsomest and most popular young ladies of this town.

Miss Johnston is a teacher in the Alameda public schools. The wedding will take place near holiday time at the bride's home here.

SHIPPING HOPS.
A large shipment of hops went east this week from Rancho del Valle.

HARVESTING BEETS.
Beet hauling is being rushed along during this fine weather, about twenty carloads daily being shipped.

PERSONAL MENTION.
Miss Minnie Bliz, who has been typewriting in Harris & Donahue's office for the past year, has resigned and has gone to Seattle, Wash., where she has a good position of the same kind. Miss Bliz is one of our prominent young ladies and she will be missed by many.

Dr. A. H. Avery is in Sacramento this week.

Mrs. George Johnston and Miss Annie Devaney were in San Francisco Wednesday.

Dr. and Mrs. Wm. Cope went to San Francisco, Thursday, for a few days' stay.

Mr. and Mrs. Joe Arendt and son, Newton, left Wednesday for a few weeks' visit to Southern California. They will stay some time at Los Angeles.

TEA
It is a companion in pleasure or misery, one or the other; and some of us don't know one from the other.

The business man who figures in the above is C. O. Corbush, the coffee dealer of this city, and he will confirm every word of the above.
There is no need of saying that Bright's Disease and Diabetes and cures by Fulton's Compound, he only specific expert report every day.
Send for literature to the John J. Fulton Co., 409 Washington street, San Francisco. The beginning of Bright's Disease is what people commonly complain of as "kidney trouble."

geles, Santa Barbara and San Diego and will stop at all points of interest.

Mr. and Mrs. Fred Dougall were in Oakland this week.

Miss Elsie Benedict is visiting in San Francisco.

Mr. and Mrs. John I. Theissen left Wednesday for a few days' visit to San Francisco.

**WAS HIS BODY
THROWN IN RIVER**

NEW YORK, October 21.—A body partially identified as that of Rudolph L. Fischel, 526 Kennard street, Cleveland, O., a law student at Western Reserve University, has been found in the Hudson river.

Fischel is known to have come to this city a week ago on a visit.

Clothing worn by the dead man bore marks of Cleveland tailors and in the pockets were found cards bearing the names of "Rudolph L. Fischel" and "George Beardsley, Toledo, Kan." A pocketbook containing 72 cents was also found. It is thought by the coroner that the young man either fell accidentally or was pushed into the river.

FORESTERS HAVE BANQUET.

SAN LEANDRO COURT INITIATES
CANDIDATES TO ROBIN
HOOD DEGREE.

SAN LEANDRO, October 21.—Court San Leandro, No. 74, E. of A. met in the Central Hotel last night and in company with a number of their brothers from San Lorenzo and Hayward's enjoyed a beautiful banquet.

After participating of the banquet the members repaired to the Masonic Temple where much important business was discussed. The feature of the evening was the initiation of three candidates into the Robin Hood degree. This was done in proper style by the San Leandro degree team.

REPUBLICANS WILL MEET.
Next Monday evening the Republicans of this locality will meet in U. P. E. C. Hall for the purpose of effecting organization. They will appoint permanent officers and consider other business necessary to the success of the club. Committees will be appointed to arrange for rallies to obtain speakers and to look out for the enrollment.

The Republicans in this part of the county appreciate the fact that election day is but a short time off and that what work they do will have to be done quickly.

Printed copies of the resolutions of the club have been placed in the different stores throughout the city with blanks left for the signatures of those intending to join the organization. The blanks are rapidly filling up and it is understood that U. P. E. C. Hall will be crowded next Monday evening.

PERSONAL MENTION.

Mr. and Mrs. Bert Rogers who have resided on Alvarado street, have moved to Chimila street.

Mrs. William Starr of Madera has been visiting at the home of her brother, J. E. Quinn, this week.

A useful polish for mahogany and other hardwood is made by mixing thoroughly two parts of linseed oil, one part of spirits of turpentine and a pint and a half of cedar varnish. Apply to the furniture with a soft rag and polish.

SPLIT, BRITTLE, DULL HAIR.

All Come From Dandruff, Which Is Caused by a Germ.

Split hair, hard hair, lustreless hair, brittle hair, falling hair, all owe their origin to dandruff, which is caused by a measly little microbe that burrows into the scalp throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is contained in Newbro's Hairicide, the delightful hair dressing. Always itching instantly and makes hair soft as silk. Take no substitute; nothing "just as good." Sold by leading druggists. Send 10c in stamps for sample to The Hairicide Co., Detroit, Mich. Bowman & Co., Special Agents.

SPORTS

AMATEURS BOX TONIGHT.

ALEX GREGGAINS HAS A GOOD CARD OF FIGHTERS SELECTED.

The San Francisco Club's amateur boxing show takes place tonight at Wendward's Pavilion and no doubt a large crowd will be present when the going gets tough. The first pair of fighters, George Sullivan and Joe Long will clash in the main event. Long lost a hard decision to him about a month ago and tonight he will strive hard to reverse the award. Other good bouts have been arranged and Alex Greggains will see to it that all fights will be hard. No stalling will be permitted.

SELECT REFEREE TONIGHT.

AL HEREFORD AND WILLIE BRITT WILL MAKE THE CHOICE.

Al Hereford and Willie Britt, managers of the two lightweights who will fight this month, will meet tonight in the private office of Harry Corbett to discuss the important question of securing a referee who will be suitable to both Gans and Britt.

NELSON HALTS AT CHICAGO.

AFRAID OF SOME HITCH IN HIS MATCH WITH "CORBETT"

Battling Nelson, the clever lightweight who has come to the front with such rapid strides, and his manager, Ted Murphy, have become suspicious that there will be some hitch in the proceedings as regards his match with "Young" Corbett, and did not leave Chicago for San Francisco last night as proposed.

IT WAS DONE BY SAN FRANCISCO IS DUNLEAVY.

WINS GAME FOR OAKLAND BY A MOST NERVOUS STEAL.

Before donning his uniform for yesterday's contest Dunleavy took an extra dose of nerve tonic. A little happening in the sixth inning shows that this statement is true. With the score standing 1 to 1 and with Dunleavy on the third station, Overall commenced to wind up, preparing to deliver a harder. Then Dunleavy went and did it. He started on home, and Kruker, who was at the bat, helped him by swinging at the ball. Dunleavy caught the ball and parted it on the wrong side and Dun rolled home safely. It was the winning run, for no other runs were manufactured. Summary:

RUNS AND HITS BY INNINGS.

LEAVES FOR A HUNT.

JOHN CLECK DEPARTS FOR THE SANTA CRUZ MOUNTAINS.

John Cleck of the Gas Kitchen left yesterday for an extended trip throughout the Southern portion of the State. Mr. Cleck took with him his shotgun and plenty of ammunition and will hunt for quail in the Santa Cruz mountains. He will not come back any big game should it come his way. Mr. Cleck expects to return in time for the Britt-Gans contest.

INHERITED SCROFULA

When a child I had a very severe attack of Diphtheria, which came near proving fatal. Upon recovery the glands of the neck were very much enlarged, and after the free use of iodine, the right eye was reduced to its normal size, but the left one continued to grow—very slowly at first, until it was about the size of a goose egg, which began to press on the windpipe, causing difficult breathing, and became very painful. An incision was made and a large quantity of pus discharged. The gland was removed, or as much as could with safety be taken out. For ten years I wore a little piece of cloth about an inch long in my neck to keep the place open. During this time I had to take it out only by the doctor every time I took cold or the opening clogged. In the Spring of 1884 I was persuaded by my wife to use S. S. S., which I did strictly in accordance with directions. I took twenty-six large bottles, and was entirely cured, for I have not suffered since that time.

Only a constitutional remedy can reach an hereditary disease like Scrofula. When the blood is restored to a normal condition and the scrofulous deposits are carried off there is a gradual return to health. S. S. S. is well known as a blood purifier and tonic. It is the only guaranteed, strictly vegetable remedy sold. If you have any signs of Scrofula, write us and our physicians will advise you free.

RUFUS TURNER OF STOCKTON.

The fight last night at Tacoma between Rufus Turner of Stockton and Chester Levers of Tacoma was stopped in the third round by the referee and the decision given to the colored fighter. Levers was completely outclassed and was being slaughtered by Turner when the referee decided that the fight had gone far enough. Turner only retained from knocking him out in the first round the right to fight. The match was pulled off under the auspices of Billy Lavigne, formerly of Oakland.
